

1991 ANNUAL INDEX

A

An oasis of efficiency, Oct.	72
Aggregate	
An eye on the upside, May	45
An oasis of efficiency, Oct.	72
Belt holds fasteners for lengthy time period, July	52
Cut costs by controlling structural vibration, July	51
Fast loading at Sunrock plant, May	55
Hopeful but pessimistic about 1992, Dec.	25
How to avoid cleanup hassles, July	46
Making the most of it, Oct.	66
Operating cost survey, May	31
Portable screen for contaminated stockpiles, July	56
Riding the recycling wave, Oct.	50
Rocky mountain light, Aug.	50
Simi develops a recipe system, May	36
Shifting stone in the U.K., May	51
Tag-axe haul truck meets two needs, July	54
The shifting winds, Sept.	11
An eye on the upside, May	45
Arizona Portland Cement, Oct.	72

B

Back to basics in cement plants, May	61
Beazer: king of the mountain, Aug.	45
Burning issue: hazardous waste, July	61
Business plan can help financing, Nov.	50
Buyer's guide, Feb.	55
Blasting	
Presplitting has arrived, June	53
Vibration can be controlled, June	73

C

Coapas eyes new gypsum markets, Sept.	31
Carolina Sunrock Corp.	
Fast loading at Sunrock plant, May	55
CalMat Co.	
From rock to strawberries, Sept.	37
Carter, Russell A.	
An eye on the upside, May	45
Matching loaders to trucks, June	46
Morse zeroes in on quality, March	35
Rocky mountain light, Aug.	50
Cement	
An oasis of efficiency, Oct.	72
Back to basics in cement plants, May	61
Burning issue: hazardous waste, July	61
Changing scene for cement, April	28
Coming back in '92 but not until second half, Dec.	34
Experiences with burning waste, April	36
Free trade is cement's future, Feb.	47
Greenpeace, Aug.	21
International cement review, April	55
Industry responds to safety charges, Oct.	58
Metal emissions are predictable, April	31
Reducing pollutants, March	57
Skidboard solves cleanup problem, July	55
Some facts on SO2 emissions, June	65
The Japanese cement industry, April	41
The shifting winds, Sept.	11
Who is ESSROC?, Jan.	51
Who owns whom in U.S. cement, Oct.	44
Changing scene for cement, April	28
Chipping into shape, June	77
Columbia Quarry Co.	
New equipment revamps quarry, Feb.	43
Compania Minera Coapas, S.A. de C.V., Sept.	31
Coapas eyes new gypsum markets, Sept.	31
Chemical helps drill performance, Sept.	13
Construction	
Single-family homes to lead 10% construction rise, Dec.	23
Crushed Stone	
An eye on the upside, May	45

CSR brings new life to Rinker, March	42
Chipping into shape, June	77
Cross belt on grizzly reduces wear, July	50
From rock to strawberries, Sept.	37
Highlights of Hillhead '91, Sept.	24
Hopeful but pessimistic about 1992, Dec.	25
How to avoid cleanup hassles, July	46
Fast loading at Sunrock, May	55
Golf complex absorbs quarry, Nov.	43
Making the most of it, Oct.	66
Metal screens resist abrasion, Jan.	47
Morse zeroes in on quality, March	35
New day dawns at new star, Aug.	40
New equipment revamps quarry, Feb.	43
Operating cost survey, May	31
Presplitting has arrived, June	53
Portable jaw handles 4-ft-diam material, July	53
Rail: old mode comes back, Jan.	39
Riding the recycling wave, Oct.	50
Seismograph lets non-specialists read result, July	58
Shifting stone in the U.K., May	51
Tarmac invests big in Cliffe Hill, Aug.	35
Unattached drop ball breaks oversize, July	50
Vibration can be controlled, June	73
Vulcan opens Mexican quarry, June	39
Who owns whom in crushed stone, July	42
CSR brings new life to Rinker, March	42

D

Darling, Peter	
Shifting stone in the U.K., May	51
Digging deeper is the answer, June	81
Dredging	
Digging deeper is the answer, June	81

E

Editorial Comment	
A perfect world, July	21
Finally, the recession, March	57
Greenpeace, Aug.	21
Hits and misses—A look back at 1990, Jan.	15
Kudos, a new face, and a special index, June	21
Solving a perception problem, Nov.	15
The EPA makes a discovery, May	13
The Klappinger article, Oct.	19
The management challenge of the 1990s, Dec.	17
The sad fate of Lone Star Industries, Feb.	15
The shifting winds, Sept.	11
Two causes worth considering, April	13
Environmental Protection Agency	
The EPA makes a discovery, May	13
ESSROC	
Who is ESSROC?, Jan.	51
Experiences with burning waste, April	36

F

Fast loading at Sunrock plant, May	55
Forecast '92	
Aggregate: hopeful but pessimistic about 1992, Dec.	25
Cement: Coming back in '92 but not until second half, Dec.	34
Construction: Single-family homes to lead 10% construction rise, Dec.	23
Gypsum: Outlook not too promising in 1992, Dec.	43
Lightweight Aggregate: Hopes to hold its own in 1992, Dec.	44
Lime: 1992 should be a turnaround year, Dec.	42
Free trade is cement's future, Feb.	47
From rock to strawberries, Sept.	37

G

General	
Business plan can help financing, Nov.	50
Vulcan initiates truck program, Nov.	47
P.W. Gillibrand Co.	
Simi develops a recipe system, May	36
Grancher, Roy A.	
Changing scene for cement, April	28
Golf complex absorbs quarry, Nov.	43
Greenpeace, Aug.	21
Grupo ICA	
Vulcan opens Mexican quarry, June	39
Gypsum	
Coapas eyes new gypsum markets, Sept.	31
Outlook not too promising in 1992, Dec.	43

H

Hillhead quarry show	
Highlights of Hillhead '91, Sept.	24
Hints & Helps	
Activators solve stockpiling segregation problems, Aug.	27
Buildup problem on kiln, July	31
Conveyor maintenance program, Feb.	31
Does your plant house a PCB risk?, Oct.	29
Fuel additives reduce diesel soot emissions, May	21
Solving neighborhood complaints, Nov.	21
Tire sealant trucks, June	23
Volumetric surveys, March	25
Welding with an alternator, Jan.	23

Huhta, Richard S.	
A perfect world, July	21
Finally, the recession, March	57
Greenpeace, Aug.	21
Highlights of Hillhead '91, Sept.	24
Hits and misses—A look back at 1990, Jan.	15
International cement review, April	55
Kudos, a new face, and a special index, June	21
The EPA makes a discovery, May	13
The Klappinger article, Oct.	19
The management challenge of the 1990s, Dec.	17
The shifting winds, Sept.	11
The sad fate of Lone Star Industries, Feb.	15
Two causes worth considering, April	13
Who is ESSROC?, Jan.	51
Who owns whom in U.S. cement, Oct.	44

I

Ideas/Trends	
Alternate diesel engine fuel to use coal/water slurry, June	16
Automatic overload release handles the uncrushables, April	17
Breaks in screen cloth are monitored electronically, May	15
Conveyor monitoring boosts on-line belt availability, Feb.	23
Cut coolant costs and eliminate disposal problem, Nov.	11
Hand-held bar code scanner tracks maintenance time, March	21
Owl Rock Products Co., Aug.	15
Polyethylene oxide can enhance drilling performance, Sept.	13
Single point Automatic Lubricators decrease downtime, July	27
Software made available for analysis of lubricants, Oct.	21
Tag-axe idea may revolutionize dump truck haulage, Jan.	19
Industry News	
Bureau of Mines ranks top lime plants, Nov.	25
Court okays asphalt plant operation on quarry property, Aug.	31

1991 ANNUAL INDEX

Five-year plan explained at NAA annual convention, April	23
Hazards, highways, and honors topics at NSA's convention, March	29
Historic cement museum undergoes restoration, June	29
Infrastructure study shows no money spent, July	37
Injury rates decline for first time in years, Dec.	21
Key industry issues probed at government conference, May	27
OSHA delays further on amphibole ruling, Oct.	35
Program set for 27th International Cement Seminar, Sept.	17
Single point automatic lubricators decrease downtime, July	27
Stone association opposes EPA rule on explosives, Feb.	37
What's happening at the Lime association, Jan.	27
Industry responds to safety charges, Oct.	58
International cement review, April	55
International Cement Seminar, Feb.	47
Intriguing products for the '90s, Jan.	29

J

Japanese cement industry, April	47
Johansen, Vagn	
Some facts on SO2 emissions, June	65

K

Keystone Cement, Aug.	21
Kleppinger, Edward W.	
Burning issue: hazardous waste, July	61
Kupper, D.	
Reducing pollutants, March	57

L

Lightweight Aggregate	
Hopes to hold its own in 1992, Dec.	44
Lime	
The EPA makes a discovery, May	13
1992 should be a turnaround year, Dec.	42
Lochbrunner, Phil Jr.	
Experiences with burning waste, April	36
Luchs, Kurt	
Free trade is cement's future, Feb.	47

M

MacQueen, Don	
New day dawns at new star, Aug.	40
Maintenance	
Leak-sealing bandage is chemical resistant, July	57
Matching loaders to trucks, June	46
Menacoci, Manique C.	
Selling shells by the seashore, Feb.	45
Metal screens resist abrasion, Jan.	47
Metal emissions are predictable, April	31
Morley, Daniel T.	
Business plan can help financing, Nov.	50
Morse Bros.	
Morse	
Morse zeroes in on quality, March	35
Muhm, James R.	
How to avoid cleanup hassles, July	46

N

New day dawns at new star, Aug.	40
New equipment revamps quarry, Feb.	43

O

Operating cost survey, May	31
Owl Rock, Aug.	40

P

P. Clark and Sons	
Chipping into shape, June	77
Parsons, Ladd J.	
Experiences with burning waste, April	36
Pilshaw, S.R.	
Presplitting has arrived, June	53

R

Rail: old mode comes back, Jan.	39
Reducing pollutants, March	57
Rinker Materials	
CSR brings new life to Rinker, March	42
Robertson, Joseph L.	
Metal screens resist abrasion, Jan.	47
Rail: old mode comes back, Jan.	39
Rocky mountain light, Aug.	50
Rock Products Register, 1991	
Cohrs, Fred W., Nov.	39
Dwyer, Jack, Nov.	38
Fleming Jr., James F., Nov.	40
Hinkle Sr., Buckner, Nov.	33
Jary, Louis A., Nov.	36
Jenkins, William, Nov.	35
Manning, Asa M., Nov.	30
Robinson, Richard, Nov.	34
Rogers, Winfield E., Nov.	31
Skenar, Herbert A., Nov.	32
Thoner, Donald M., Nov.	37

Rother, W.	
Reducing pollutants, March	57
Rukavina, Mitchell	
Beazer: king of the mountain, Aug.	45
Coapas eyes new gypsum markets, Sept.	31
Chemical helps drill performance, Sept.	13
CSR brings new life to Rinker, March	42
Cut coolant costs and eliminate disposal problem, Nov.	11
Fast loading at Sunrock plant, May	55
From rock to strawberries, Sept.	37
Golf complex absorbs quarry, Nov.	47
Simi develops a recipe system, May	36
Vulcan opens Mexican quarry, June	39
Who owns whom in crushed stone, July	42

S

Sand and gravel	
An eye on the upside, May	45
Beazer: king of the mountain, Aug.	45
Digging deeper is the answer, June	81
Hopeful but pessimistic about 1992, Dec.	25
Lignite removal easy with air-pulsed jig, July	47
Morse zeroes in on quality, March	35
Operating cost survey, May	31
Rail: old mode comes back, Jan.	39
Selling shells by the seashore, Feb.	45
Shifting stone in the U.K., May	51
Simi develops a recipe system, May	36
Who owns whom: sand and gravel, March	39
Screens	
Metal screens resist abrasion, Jan.	47
Selling shells by the seashore, Feb.	45
Siemering, William H.	
Experiences with burning waste, April	36
Shifting stone in the U.K., May	51
Simi Valley Rock, Sand & Gravel Pit	
Simi develops a recipe system, May	36
Southern Aggregates	
Selling shells by the seashore, Feb.	45
Some facts on SO2 emissions, June	65
Statistics	
All numbers pointing to a no-growth economy in 1991, Jan.	21
Cement imports from Japan are injuring U.S. industry, July	29
Construction material prices continue to rise, Nov.	13
Crushed stone sold or used by producers in the United States, May	17
Fourth-quarter aggregate statistics released, April	19

Lime production has increased during past three years, June	34
Stone, sand, gravel fatalities held to three in first quarter, Sept.	15
Third-quarter aggregate statistics released, Feb.	27
U.S. aggregate shipments down 12.1% in second quarter, Oct.	23
U.S. aggregate shipments down 22.3% in first quarter, Aug.	23
U.S. cement is second most foreign-dominated industry, March	23

Steuch, Hans E.	
Some facts on SO2 emissions, June	65
Suttil, Keith	
Chipping into shape, June	77
Digging deeper is the answer, June	81
Shifting stone in the U.K., May	51

T

Tarmac	
Tarmac invests big in Cliffe Hill, Aug.	35
The shifting winds, Sept.	11
Tompkins, J. Bruce	
Metal emissions are predictable, April	31
Top 15 sand and gravel-producing companies in U.S., Aug.	45
Transportation	
Rail: Old mode comes back, Jan.	39
Truck Report	
"Dirty" filters can save money, June	27
High-tech systems monitor tire wear, Nov.	23
New, used, or remanufactured parts, May	23
NHTSA reacts as brake problems grow, Aug.	29
Oil analysis increases profits by cutting catastrophes, Feb.	33
Saving gallons: a fuel economy checklist, Jan.	25
Smoke-control maintenance, March	27
Vibration: a battery's worst enemy, July	35
Trucks, pickup	
What's up with pickups, March	47

U

Ullman, Fred	
The Japanese cement industry, April	47
United Rock Products Corp.	
An eye on the upside, May	45
Unland, G.	
Reducing pollutants, March	57

V

von Seebach, Michael	
Metal emissions are predictable, April	31
Vulcan Materials Co.	
Vibration can be controlled, June	73
Vulcan opens Mexican quarry, June	39
Vulcan initiates truck program, Nov.	47
Vulcan opens Mexican quarry, June	39

W

Western Aggregates Inc., Aug.	50
What's up with pickups, March	47
Who is ESSROC?, Jan.	51
Who owns whom: sand and gravel, March	39
Who owns whom in U.S. cement, Oct.	44

Z

Zimmerman, Karla	
Riding the recycling wave, Oct.	50
Making the most of it, Oct.	66
Who owns whom: sand and gravel, March	39
